

The Early Vancouver Transcription Project is a project of the Global Civic Policy Society and its President, Sam Sullivan, former Vancouver Mayor. We hope this will stimulate a greater interest in the beginnings of the City of Vancouver and will benefit those who are researching to gain a better understanding of our history. Although we have done our best to ensure accuracy, the original documents are faded and in handwriting that is difficult to read. The transcription of this Vancouver City Council Meeting was made by Margaret Sutherland and Joy Marie Vasquez.

[volume 2 page 742]

Moved by Alderman Oppenheimer seconded by Alderman Lefevre. That Clause 3 of the Finance Report relating to Lots 18, 19, 20 and 21, Block 9, 182A be referred back to the Board of Works. Carried.

Moved by Alderman Brighthouse seconded by Alderman Whetham. That the report is amended be adopted. Carried.

Motions

Moved by Alderman Horne seconded by Alderman Salisbury. That His Worship the Mayor telegraph to Hon. John Carling, Minister of Agriculture urging the immediate establishment of the Immigration Office and Agent in this City as we are losing dozens of Settlers daily. Carried.

Moved by Alderman Costello seconded by Alderman Clark. Whereas an application has been made to the Legislative Assembly of this Province for an Act to incorporate a Company to reclaim Lands under Burnaby Lake.

And whereas said Lake is adjacent to the City of Vancouver and is a resort for the Citizens of that place as well as for those of New Westminster and vicinity

[volume 2 page 743]

for purposes of recreation at all Seasons of the year and also adds very materially to the beauty and attractiveness of the surrounding country.

And whereas the Brunette River flowing from said Lake to the Fraser River can at a small outlay be made manageable for pleasure boats and small craft enabling pleasure parties to make said lake a Yachting and Rowing Centre for the District.

And whereas the reclaiming of said lands will not add sufficiently to the Agricultural lands of the District to compensate in any degree for the loss which will follow from the drainage of said lake to the inhabitants of the places above mentioned and further while such other large tracts of land suitable for Agricultural purposes nearer to the centres of population are yet in a state of nature it would be unjust to permit such an Act as that applied for to pass.

Be it therefore resolved by the Mayor and Aldermen in Council Assembled that this Council desires to enter an earnest protest against the passing of the said Act.

And be it further resolved that a copy of this resolution be engrossed, signed by the Mayor and City Clerk with the Corporation Seal affixed and forwarded to the Members for this District for presentation to the House. Carried.

[volume 2 page 744]

Moved by Alderman Clark seconded by Alderman Salisbury.

Whereas a Railway Company for the purpose of building a railroad to the Okanagan District has been incorporated and has received assistance for the construction of this said road.

And whereas it is most important that this road should be constructed at as early a period as possible in order that the owners of the rich agricultural lands in the district may be enabled to supply this City and District with its bread stuffs and other products and secure a trade for their surplus of same to China and Japan before trade for their Channels for the supply of these demands will be opened up with places outside of our Province.

And whereas it will be difficult to divert such trade channels if once established and it will be to the interests of the Province at large that the above road be at once constructed to enable said land owners to be first in the field with their products.

Be it therefore resolved by the Mayor and Aldermen in Council assembled:

That this Council earnestly requests the Legislative Assembly to take the question of the construction of said railway into immediate consideration and furnish such assistance as possible to hasten the completion of the same.

And be it further resolved that a copy of this resolution be forwarded to the

[volume 2 page 745]

members for this District and the members for Yale District. Carried.

Moved by Alderman Oppenheimer seconded by Alderman McConnell. Whereas the Government of British Columbia have granted to the Corporation of the City of Vancouver One hundred and sixty acres of land for the purpose of a Public Park in the Townsite of Hastings.

And whereas it is the intention of the said Corporation to improve and beautify said lands during the coming summer thereby increasing very much the value of the lands remaining in the possession of said Government.

And whereas this Park does not adjoin the boundary of the City of Vancouver but is distant therefrom about forty six and one half chains.

And whereas the land lying between said Eastern Boundary of the City and the said Park is the property of the Province and it would increase the value of said provincial lands very much if some streets were opened up from said Park to said Boundary connecting with some of the Streets within the limits of the City of Vancouver.

Be it therefore resolved by the Mayor and Aldermen in Council Assembled.

That the Government of the Province be respectfully requested

[volume 2 page 746]

to open up some streets from said Park to said City Boundary and place a sum in the estimates for doing the same.

And be it further resolved that a copy of this resolution be forwarded to the Honorable Chief Commissioner of Lands and Works. Carried.

The Council then adjourned.

J.W. Horne ,Chairman

Thos. F. McGuigan, City Clerk
