Reports.

works.

no.

no 93.

The Board of works. met on Friday March 2nd 1888 and beg to report that an application has been received from Mr F. M. White for permission to construct an addition to the Senate Saloon, covered with corrugated iron.

The City Solicitor having decided that the construction of said infringement of the Fire limit By Law we would recommend that said application be refused.

The petitions of Messrs Skene, Ramage, McMoran, Williams et al praying for certain street improvements have been received and filed to be brought up at some future time when the Board is in a position to deal with them.

We have instructed the City Engineer to lay a temporary sidewalk on Georgia Street, two feet wide, with old plank, from the end of the present sidewalk to Bute Street.

We have considered the petition of Messrs Dudlong, McDutosh et al for the placing of street monuments on Seventh Avenue and would deem it inadvisable, to authorize the City Engineer to place such monuments until permanent landmarks are established.

The following accounts are recommended for payment:

Phinton Brown & Co. final outdnd. \$256.⁰⁰

Mr. J. Keefe, estimate on gravel, \$933.14
of Mr. Bell being
Chairman

Moved by Alderman Donfull seconded by
Alderman Morrison.
That the report be adopted
Carried.

Finance.

no.

no 94

The Finance Committee met on Friday
March 7th 1888 and would beg to report
recommend that Mr S. J. Black be notified
that his services as Police Magistrate and
City Solicitor will be dispensed with after
one month from date of notice.

no 95

In regard to the Communi-
cation of Mr Jos Armstrong, asking Council
to subscribe towards a map showing the
agricultural districts in British Columbia
we think, that as the Council is already
committed to the printing in pamphlet
form of the reports of the various Com-
mittees, which might at the same time
be combined with a map in the form of
a folder, that it would be inadvisable
at present to adopt any new advertising
scheme.

Complaints having been made that por-
ties are in the habit of piling up
soil, offal etc on the streets and bridges
within the city limits, thereby creating
nuisance, we recommend that a
reward of \$500 be offered for the de-
tection of such party or parties.
We recommend that
