Abbott Street and on ~~corner~~ Abbott
Street between Water & Cordova.

- 3 That the following accounts be paid:
C. W. Kaywood, fares. \$ 4.50
Serrito & Co. Provisions 171.29

Your Committee received communication
from J. Abrams, Curm You. J. M. Stewart

We applied a crushing strain of 1370 lbs. per
lineal foot without injuring the pipes. The
did not, as it was the only complete specimen
we had. Consider it advisable to in-
crease the weight until it was broken being
desirous to retain it as the Standard Sample.
The pipes are fairly concentric when formed
and I have no hesitation in saying are
a good class of sewer pipe judging from the
results of the tests to which they have been sub-
mitted.

I have the honour to be
Gentlemen your most
obedient servant
E. Mohun & Co.
