

The Early Vancouver Transcription Project is a project of the Global Civic Policy Society and its President, Sam Sullivan, former Vancouver Mayor. We hope this will stimulate a greater interest in the beginnings of the City of Vancouver and will benefit those who are researching to gain a better understanding of our history. Although we have done our best to ensure accuracy, the original documents are faded and in handwriting that is difficult to read. The transcription of this Vancouver City Council Meeting was made by Margaret Sutherland.
